PROFESSIONAL SUMMARY

Innovative and detail-oriented web developer with hands-on experience in building dynamic, scalable, and user-friendly web applications. Proficient in modern technologies, including JavaScript, TypeScript, React, Node.js, Tailwind CSS, and Git. Successfully delivered responsive and accessible web solutions through freelance and contract work since 2022. Adept at translating client requirements into efficient code, ensuring high performance and seamless user experience.

TECHNICAL PROFICIENCIES

- **Languages & Frameworks:** JavaScript, TypeScript, Next.js, React, Node.js, HTML5, CSS3, Tailwind CSS, Express, postgresql
- **Tools & Platforms:** Git, Visual Studio Code, Figma
- **Other Skills:** Agile methodologies, cross-functional collaboration, responsive design

EDUCATION

Bachelor of Science in Computer Science

University of Nigeria, Nsukka | 2017 – 2022

- Relevant Modules:
 - Artificial Intelligence
 - Data Structures and Algorithms
 - Structured Programming
 - Database Management Systems
 - Software Engineering
 - Web Technologies

EXPERIENCE

Freelance Web Developer

Remote | September 2022 – Present

- Designed and developed interactive web applications tailored to client requirements, ensuring a responsive and accessible user experience.
- Created reusable, modular components using React and TypeScript for efficient application development.
- Integrated APIs and managed state using modern libraries, ensuring seamless functionality and real-time updates.
- Leveraged Tailwind CSS to implement pixel-perfect, responsive designs, enhancing user engagement.
- Provided Git-based version control and collaborative workflows, enabling smooth team integration.

Internship

Genesys | Hybrid | January 2023 – June 2023

- Collaborated with cross-functional teams, including designers and product managers, to develop user-friendly web applications.
- Engaged in peer code reviews and knowledge-sharing sessions to improve team efficiency and maintain best coding practices.
- Provided support and guidance to junior interns, assisting them in understanding web development concepts and debugging issues.

React Developer

Caspania Consulting, Nigeria | Contract | June 2023 – August 2023

- Converted Figma designs into pixel-perfect, user-friendly web interfaces, aligning closely with UX/UI principles.
- Implemented a robust authentication and verification system on the frontend to enhance security.
- Collaborated with backend developers to integrate APIs and ensure synchronization between frontend and server-side logic.

NYSC Experience

Government day secondary school, Garaku, Nigeria | Web development tutor | January 2024 – September 2024

- Conducted programming classes for over 50 students, simplifying technical concepts for better understanding in HTML, CSS and Javascript.
- Developed structured lesson plans to teach coding fundamentals and problem-solving techniques to develop beautiful and responsive websites.
- Mentored students, guiding them through coding exercises and real-world applications.

KEY ACHIEVEMENTS

- Successfully delivered multiple web development projects, meeting tight deadlines and exceeding client expectations.
- Enhanced web performance and usability through optimized code and responsive designs.
